Evidence-Based Results

Research shows that participants engaging in the Arrowsmith Program experience:

Improved cognitive and academic performance

Increased rate of learning

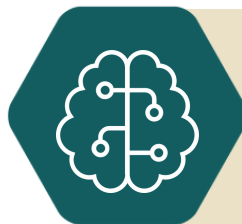

Increased independent and self-directed learning

A shift to a growth mindset

Increased emotional and social well-being

Increased sense of locus of control

Independence in activities and daily living

Increase in attention, listening well, staying focused

Arrowsmith Cognitive Assessment

Determine the cognitive program most beneficial for you!

Understanding an individual's cognitive functions through an Arrowsmith Cognitive Assessment informs us of the Cognitive Exercises most critical to improving an individual's performance.

Assessments Online or In-person – **Your Choice**

The Arrowsmith Cognitive Assessment takes 1 to 1.5 days to complete. Our staff can conduct an assessment in-person at Arrowsmith School in Toronto, or online.

Begin With a Consultation

What participants and their families are saying about the Arrowsmith Cognitive Assessment:

“

For the first time, I understand why I do what I do

.....

It is like an operator's manual for the brain, each one unique

.....

I was inspired by what I read in 'The Woman Who Changed Her Brain' and then booked an assessment to learn more about my learning difficulties

.....

As a result of the assessment, he decided to put his university programs on hold and focus on improving his brain. He enrolled at Arrowsmith School in the adult class and spent 2 years doing cognitive exercises...now he writes commercials at an award-winning advertising company

Program Descriptions

Arrowsmith School has program options for individuals 6 to 90+

Program (All options available online or in-person)	Who is it for	Time Commitment

Jason Kinsey, Admissions

Changing Brains. Transforming Lives.

Neuroplastic change through evidence-based
individualized programming.

*It's through cognitive
transformation that we
unlock each individual's
gifts allowing them to
dare to dream.*

~Barbara Arrowsmith-Young
Founder of Arrowsmith Program
and author of "The Woman
Who Changed Her Brain"
